

EBSCOhost eBook Collection FAQ's

1. What is an eBook?

An eBook is an electronic version of a printed book. The entire book is searchable [the table of contents, text, footnotes, appendices, and bibliography] and available 24 hours a day, 7 days a week.

2. May I check-out an ebook?

Currently, only EBSCOhost Ebooks may be checked out. Other ebooks in the Library's collection will only be available via an Internet browser because of copyright/legal arrangements with the publishers. Please follow this [link](#) for more information about how to checkout an EBSCOhost ebook.

3. Why do I have to setup an Adobe account?

Adobe Digital Edition is the *Digital Rights Management (DRM)* software that is used to prevent the unauthorized checkout of EBSCOhost ebooks. The rights to check out the eBooks are then assigned to you through your Adobe ID.

To learn more about using Adobe Digital Editions please use [Adobe Digital Editions FAQs](#).

4. What is Adobe Digital Edition and how much does it cost?

Adobe Digital Edition is part of a *Digital Rights Management [DRM]* system the Library is required to use to protect the copyrights of electronic resources we license and checkout. *DRM* allows the Library to restrict use to UAB authorized users [i.e. UAB current students, faculty and staff] only.

Adobe Digital Edition software is free and available for download from www.adobe.com/products/digitaleditions.

5. Who may checkout EBSCOhost Ebooks?

Only current UAB students, faculty and staff with a valid Blazer ID and password may checkout EBSCOhost eBooks.

6. How do I find or checkout an eBook in the EBSCOhost eBook Collection?

- Locate the EBSCOhost eBook title in either the Local Catalog or by using the eBook Collection database link.
- If locating from the Local Catalog, click on the “*Link to electronic resource; available UAB domain*”. This link will redirect you to the EBSCOhost eBook Collection website. If locating from the EBSCOhost Ebook Collection database link, you will be redirected to the EBSCOhost eBook website. [Note: For either option, if you are off campus you will be prompted to enter your Blazer ID and password before proceeding to the EBSCOhost Ebook website.]
- If you have already set up your EBSCOhost account, please login. If you have not set up an account, please click on “*Create an Account*”. You may browse an eBook without an EBSCOhost account.
- If after browsing the eBook you wish to check it out, click on the “*Download this eBook (offline)*” button located in the left-hand column. If the eBook is available and has not checked out to someone else, you may check the eBook out for a period of 1 to 7 days. You may check-out a maximum of three (3) eBooks at a time. Once you have reached your check-out limit you will still be able to view an eBook online but not be able to check-out/download an eBook.

7. Which portable devices work with EBSCOhost Ebooks?

A list of compatible devices is available at <http://blogs.adobe.com/digitalpublishing/supported-devices>

8. If I have an iPad, an iPod or an iPhone, will I still be able to checkout EBSCOhost Ebooks?

Yes you can checkout and download an EBSCOhost eBook using an iPad, iPod or an iPhone. Once you have setup an Adobe account and an EBSCOhost account, you will need to download an app such as *Bluefire*.

9. If I have an Amazon Kindle, will I still be able to checkout EBSCOhost Ebooks?

At this time EBSCOhost eBooks may not be downloaded to a *Kindle*. Adobe Digital Editions which must be used to checkout an EBSCOhost eBook is currently not compatible with the *Kindle*. For a list of compatible devices, please go to <http://blogs.adobe.com/digitalpublishing/supported-devices>

10. If I get finished early, may I return it before the due date so I can check something else out?

No. EBSCOhost eBook Collection does not allow for early check-in at this time. If you have reached your checkout limit, you will not be able to checkout another eBook until one of the titles you have previously checked out expires.

11. If an ebook has been checked out, may I still view it?

No. If a book is already being viewed by another library user, and there are no other copies “owned” by UAB, you will receive a message that indicates that the book is not available.

If you have questions, please contact someone at Sterne Information/Reference Desk for assistance.

Thank you.
